Regarding:    Ginger Mayerson

Thursday, August 9, 2012

I have known Ginger since 1998. Ginger is willing to help, she is a quick learner who has practical knowledge that she brings with her. Because of her organizational skills I did not hesitate to ask her for advice when I needed to learn processes for Contracts and Grants at the University.

With her broad base of skills Ginger will be an asset to any organization that she is a part of. I have seen Ginger work professionally, cheerfully and reliably.

I wish her the best in her future endeavors.

Sincerely,
